Adieu Lacan (with Betty Milan)

On April 15, 2022 (9:30-11am PDT), EJP hosted a three-way conversation on the new film, ADIEU LACAN, featuring Brazilian psychoanalyst and writer, Betty Milan, award-winning director Richard C. Ledes, and EJP Editor-in-Chief, Fernando Castrillón. Based on her play “Goodbye, Doctor” and her novel “Lacan’s Parrot”, in which Milan recounts her analytic work, ADIEU LACAN offers an astute, frank and faithful account of an actual psychoanalytic cure.
