Editor’s Note

We are very pleased to open this new Feature in our journal, dedicated to an exploration of a thorny and urgent topic. At the heart of this set of essays is an exchange between the French Lacanian journal, *Essaim*, and the British psychoanalyst Darian Leader. The initial essay by Jamieson Webster functions as a rich, contextualizing preface, while the final three essays by David Lichtenstein, Sergio Benvenuto and Duane Rousselle serve as commentaries on the exchange between Leader and *Essaim*.

We invite other interventions in this new Feature. Please send submissions to: managingedejp@gmail.com
